# TERRAPIN X

CONNECTING

your TERRAPIN X to the Mobile App

- By pressing and releasing the push button of your TERRAPIN X you turn on the device
- You will now see the digital aiming reticle in the display of your TERRAPIN X

- Press and release the push button of your TERRAPIN X three times in quick succession to enter the Bluetooth menu
- In the display you will see the last saved setting. This can either be "OFF", "APP" or "ñESt" (for KESTREL)
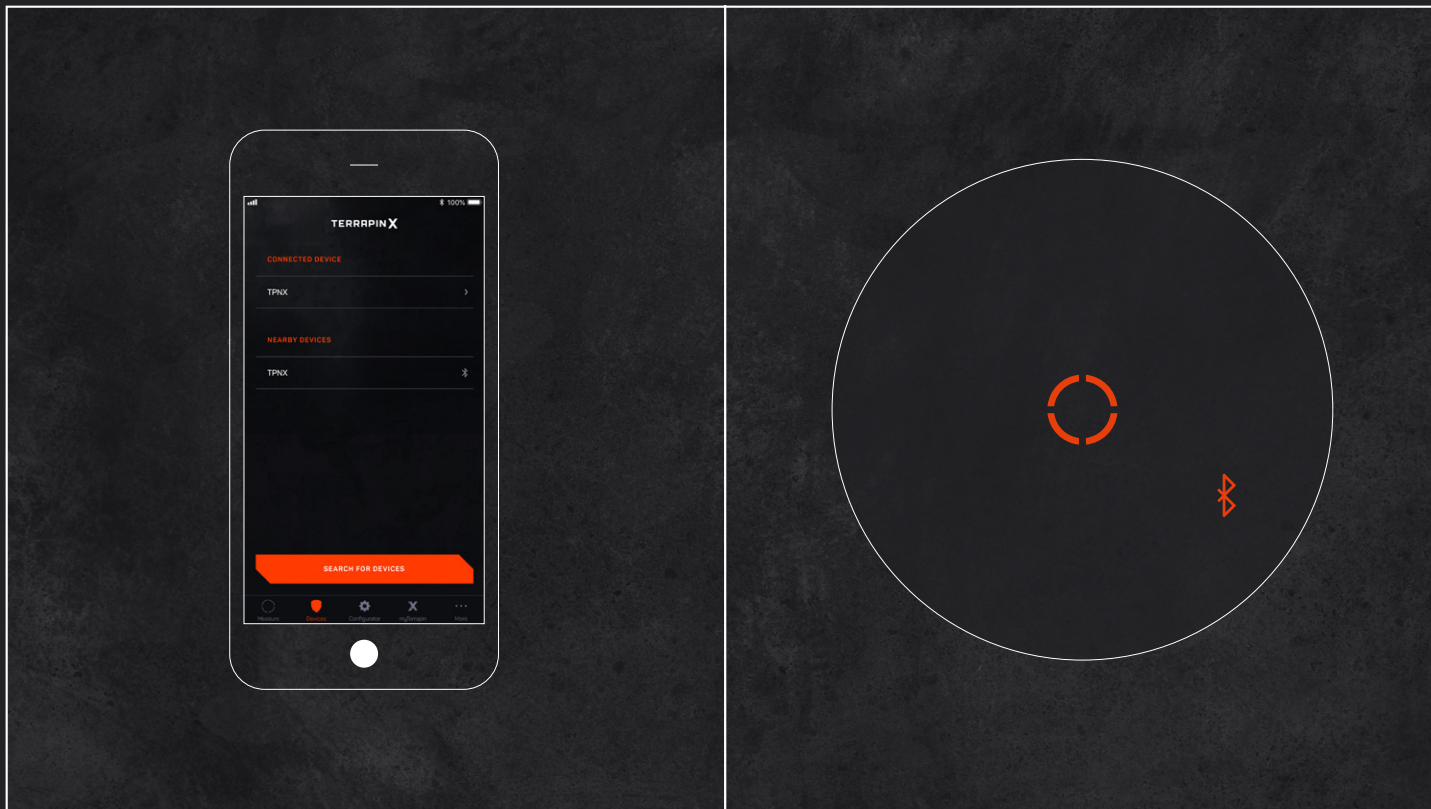

- Toggle through the options by pressing and releasing the push button of your TERRAPIN X until you reach "APP"

- Confirm this setting by pressing and releasing the push button three times in quick succession
- As confirmation four dashes ("----") will appear in the display of your TERRAPIN X
- Besides the electronic aiming reticle you will now also see a flashing Bluetooth symbol in the Display of your TERRAPIN X. This signifies that the TERRAPIN X has entered the pairing mode

- Open the TERRAPIN X mobile app on your smartphone and enter devices
- Search for your TERRAPIN X by pressing the button "SEARCH FOR DEVICES"
- When your TERRAPIN X has been found select it in the mobile app and confirm the connection

- In the display of your TERRAPIN X the Bluetooth symbol won't flash anymore but will now be displayed continuously.

  Your TERRAPIN X and the mobile app are now connected.
